

A NEW BIG INDUSTRY.

The Wheeling Pottery Company
Takes up new Lines.

WILL MAKE SANITARY AND C. C. WARE

The old Pottery to be Used for the new Business—Two or Three Hundred Workmen will be Employed and Many of Them will have to Move here from Other Cities—Work to Begin at Once.

The Wheeling Pottery Company has for some time had in contemplation an important addition to its output, and it has now decided to introduce this, and the work of preparation for it will begin very soon. It will be remembered that some time ago the company abandoned the old Wheeling pottery and consolidated all its work in the new and larger LaBelle pottery. Since that time the older pottery has been vacant.

The company has now decided to occupy it again for the manufacture of sanitary pottery ware and "C. C." ware. The latter is the yellow ware of cheaper grade than white granite and china, and the initials stand for cream colored. A competent man to take charge of the sanitary pottery department will be here next Monday, and will at once begin the work of preparing for the manufacture of the ware. It will require several months to have things in readiness for all the shapes, but the company counts confidently on being ready for the market with a complete line by the time the fall trade opens.

The new departments will employ 200 or 300 men, and most of those working on sanitary ware will be skilled laborers who will be brought from other towns. The company already has plenty of employees who can make the C. C. ware, and this branch of manufacture will be begun actively as soon as the pending strike is settled.

The starting of these new important industries will be a good thing for Wheeling, and the announcement that it is to be done is one of a kind exceedingly rare in these times, and all the more welcome for that reason.

A Technical School.

The pottery manufacturers and representatives of the sewer pipe interests of Ohio, in a petition containing signatures representing not less than five million dollars, have applied to Senators Wood and Hoag and Representatives Hutcheson and Brittain, asking that they support Mr. Bell's bill providing for workers of their class an opportunity to secure a practical education in clay working and ceramics by the establishment of such a course of study at the Ohio State University.

A Glass Works Assists.

The Lazear Glass Works at Lazearville has made an assignment. The works, which makes bottles, etc., has been idle several weeks. Suit was recently brought by an eastern firm for \$3,000 and the company was obliged to assign in order to protect other creditors. Henry Ulrich, who is well known in Wheeling, is president of the works.

DRAWING PLANS.

Architect Hennigst at Work on Plans for the Arion Addition.

The building committee of the Arion society in company with Architect Hennigst viewed the building of the society at the corner of Main and Twentieth streets, and instructions and suggestions were given to the architect to aid him in the drawing up of plans for the addition to the building, work on which is to be commenced this spring, and finished ready for occupancy by September. The architect is now at work on the plans which will soon be submitted to the building committee, and after possible minor changes, will be adopted. The building will front on Twentieth street forty-five feet and will be three stories in height. The architect was instructed to make provisions for a new dining hall in the addition, also for another dance hall, reception rooms and many modern improvements not in the present building. It was decided not to put in bowling alleys, and the ground floor will be occupied by the janitor of the Arion.

Rhea's Coming Engagement.

The personality of a star may have much to do with success, and Rhea numbers among her admirers many of her own sex, who value her friendship no less than they appreciate her art. After matinee performances the stage is often converted into an impromptu reception room, where Rhea receives the felicitations of strangers as well as friends, so strong is the impulse among general auditors to offer their congratulations.

Rhea's next appearance in Wheeling will be Tuesday evening, March 20, when she will present "Josephine, Empress of

Best in the World

The Judgement on Hood's Pronounced by Squire Fogg.

The following testimonial comes from T. M. Fogg, Esq., who is well-known throughout Kentucky as court justice and justice of the peace for Bath county. His words should invoke the confidence of all who read his letter:

"I, Hood & Co., Lowell, Mass.:
"I will say for Hood's Sarsaparilla I believe it to be the best medicine in the world. In the winter of '92 I had a bad case of the grip which left my system in very bad shape. I tried everything I could find and got no relief. In the fall of the same year I bought a bottle of Hood's Sarsaparilla. The first dose I took

Made a Decided Change

for the better. When I began taking the first bottle my weight was 127 pounds, the lightest since manhood. By the time the second bottle

Hood's Sarsaparilla Cures

had been used my weight was 160 pounds. I owe all this to Hood's Sarsaparilla and I gladly recommend it to all sufferers." T. M. Fogg, Justice of the Peace, Sharpshooter, Kentucky.

Hood's Sarsaparilla cures liver ills, constipation, biliousness, jaundice, sick headache, indigestion

the French," the play which is in great request this season. At the matinee Wednesday Rhea will appear for the first time in Wheeling in her beautiful impersonation of *Mercy Merrick* in "The New Magdalen." The play is quite in touch with the spirit of the times, reference being made to questions of labor as well as social interests. Wednesday night "La Gioconda" will be given.

THE SHRINERS DEPART.

A Big Delegation of Wheeling Arabians Go to the Second City.

Yesterday morning several of the officers of Osiris Temple, Nobles of the Mystic Shrine, of this city, left for Huntington, on the Ohio River railroad, to make the preparations for the big Shrine event in the Second City, this evening. In the advance guard were Will Irwin, James B. McKee and several other nobles of equal prominence. The major portion of the Wheeling delegation, however, leaves this morning and will arrive in Huntington this afternoon. The following are those who are making the pilgrimage over the burning "rails" to Cabell's metropolis:

Potentate, Frank E. McCoy; chief rabban, Stephen Waterhouse; assistant rabban, William F. Shaffer; high priest and prophet, Matthew R. Wolf; official guide, John K. List; treasurer, William A. Wilson; recorder, E. C. Schoen; ceremonial masters, W. H. Manning and J. E. Robinson; marshal, E. P. Wheat; captain of the guard, F. C. Williams; alchemist, Thomas H. McLean; azra, Thomas Caranah; asad, E. W. Dunnaway; also trustees W. W. Irwin and R. M. Brown; E. H. Warden and James B. McKee, captain of the Arab patrol.

The Huntington blowout will be one of the most brilliant, it is expected, in the brilliant history of the temple. Heretofore all installations have taken place in Wheeling and many Huntingtontians have traveled over the red-hot sands to Wheeling with all possible dispatch, stopping only at the historic oasis, Blannerhassett, for needed rest. As there is now a class of nearly fifty to be initiated at Huntington, Osiris has made a departure from past custom, and will initiate at the new Masonic temple in that young city. The Shriners will be sumptuously entertained at the Adelphi hotel after the ceremonies this evening. Most of the Wheeling contingent will return to-morrow.

Visiting Red Men.

The Gray Eagle Tribe, No. 5, Imperial O. R. M., received a visit last night from the neighboring tribes from Benwood, Bellaire, Martin's Ferry and the Logan tribe of Wheeling. The spacious hall, or wigwam, was crowded to its utmost capacity, and short talks were indulged in under the head of the benefit of the order, by Great Chief of Records Thomas J. Irwin, of Ohio, Past Great Sachems Noel, of Benwood, and H. C. Ulrich, G. C. of R. of West Virginia. Brother Louis Asmus related his experience when initiated into the mysteries of the Hay Makers' degree in the reservation of Ohio, which was highly enjoyed by the audience. After the council fire was quenched the visitors were treated to refreshments and a good time was had generally. The Benwood quartette culminated the occasion with some very select singing, and Brother Riedel gave a choice recitation in response to an encore.

Walter Troll Dead.

Walter H. Troll, teller of the Dollar Savings Bank of Bellaire, died last night. He was twenty-five years old in January. The remains will be taken from the home of his brother-in-law, Dr. J. P. West, where he died, to St. Clairsville this evening and the funeral will probably occur Saturday.

The Courier got in at midnight from Marietta, where her broken cylinder was repaired after a three days' lay-off, and will leave for Parkersburg this morning at her usual hour, 10:30. The Courier has been unlucky lately; it was only last fall that she went to the bottom at the mouth of the Little Muskingum. The Ben Her was formerly the unlucky boat of this line, her machinery breaking down time and again, until almost an entire new outfit was put in.

Of Interest to United Presbyterians.

United Presbyterians and others who contemplate attending the meeting of the United Presbyterian General Assembly, which meets in Albany, Oregon, next May, should take advantage of the offer made by the Chicago, Milwaukee & St. Paul R. R. to delegates and their friends who think of making this delightful trip. We would suggest that all such address John R. Pott, District Passenger Agent, Williamsport, Pa., who will be pleased to answer all questions and give you the necessary information concerning the accommodations furnished by the company he represents. This meeting promises to be one of unusual interest. Many persons who are not delegates or United Presbyterians think of joining the party.

AN EASY WAY TO ECONOMIZE

A Wheeling Woman's Method of Saving the Dollars.

New Clothing Made from Old by Diamond Dyes—Spring Dresses, Suits, and Wraps With No Expense for New Material—Dressing Well With Little Money.

In these hard times a Wheeling woman has found diamond dyes the greatest help in economizing. With their aid, her husband, her children and herself have dressed comfortably, although nearly all the clothing was old material, dyed over.

Diamond dyes make such beautiful colors that goods dyed with them cannot be told from new. Any one can use them, as the directions are so plain and simple that no skill is needed. The color is there to stay, and will not wash, wear or fade out.

Silk, cotton, wool, dresses, cloaks, stockings, feathers, lace, carpet rugs, are all easily colored by diamond dyes. They are specially prepared for home use, and the makers guarantee them the strongest and fastest of all dyes. Use a package and see how easy it is to dye at home. The diamond dyes are the original package dyes, and no one should accept any of the inferior substitutes that are sometimes kept by dealers for a larger profit. Many of the dyestuffs in diamond dyes are original discoveries that simplify the work, and cannot be had in other dyes. Insist on having the diamond, and you will always be successful in home-dyeing.

A Catholic Convert.

New York, March 14.—Mrs. William Arnold, the widowed daughter-in-law of the late Richard Arnold, of the firm of Arnold, Constable & Co., has become a convert to the Roman Catholic faith. She is about thirty years of age, and is possessed of \$2,000,000. Mrs. Arnold was a member of the Protestant Episcopal Church of the Redeemer, whose rector, Rev. Henry A. Adams, recently went over to the Catholic communion. The Church of the Redeemer is a high church. Mass is said each day, confessions are heard, incense is burned, and vestments, lights and crosses are used in public worship. While Father Adams was rector Mrs. Arnold gave large sums of money for the support of the church.

Stabbing Affray.

Caldwell, Ohio, March 14.—At Caldwell, near this place, a fight took place between Ben Gramlich and William Bridgeman, last night, in which the former was seriously stabbed by the latter. Bridgeman avoided arrest by immediately leaving this community.
